- Approval of the Agenda
- Executive Committee Reports
- Standing Committee Reports
- Ongoing Business
- New Business
- Next Executive Board Meeting Date

Adjourn

Meeting was called to order with a roll call by Roxi Tolbert at 9:16 am. Quorum was established by attendees present at conference breakfast in-person and online. Minutes were not available for approval and agenda was approved.

President: We had a successful year for the online roundtables and Counselors Care panels/CEUs for the SCCA. Fredric Mau, along with other board members, have worked hard to get this started. This has been a pretty successful conference even with the technical issues. Chandler has been working hard to keep members updated through email and social media. She has also been working hard on our legislative committee as well.

Advocacy meeting today with Chandler Cox at 12 pm in the Camellia Room.

Kasey is working hard on licensure application consultation as part of the membership benefits now as well.

We have had an increase in our membership even through a pandemic and thank everyone for their support of the SCCA.

President Elect: We are having an Advocacy and Action meeting today and you can choose what effort you would like to support.

Three legislative topics going on right now:

The Counseling Compact – people are working on this and Chandler will be talking about this at noon. They are searching for a sponsor for this currently.

Medical ethics and diversity act which was in the email recently sent out. Next meeting is April 1st.

Medical mental health access and improvement act of 2021 – which would have Medicare cover therapy services provided by LPCs and LMFTs.

Immediate Past President: Report details under ongoing business.

Treasurer, Secretary, and Executive Director: No reports given.

Standing Committee Reports: See details in president and president-elect reports.

Ongoing Business: We will be starting the nominations for board positions and they will close on March 4th: 3 board members at large, 1 secretary, 1 treasurer, and a president elect. Any new elected board members will move into their positions on July 1st. Voting will take place from March 5th through April 5th.

New Business: April is National Mental Health Awareness month. We had 291 attendees at the conference this year. Reminder participants need to complete evaluations after the session to get their CEUs and the videos are only available through Sunday.

Meeting Adjourned at 9:32 am
